Pluspunten

- + Each table is a unique piece of handicraft
- + Easy to keep clean
- + Scratch and heat resistant

Minpunten

- Heavy weight
- Slightly irregular surface is possible because each piece of tile is done by hand

Traditional handicraft, but in a very fresh new combination!

Refined and sturdy at the same time!

First of all, clay from the area of Fez (Morocco) is used to form beautiful strong tiles.

They are then baked and glazed.

These tiles are then chopped into smaller shapes by hand with a hammer and chisel, an incredible craftsmanship!

Then a beautiful mosaic is laid in front of our tables.

The white color has been chosen to give the table a very special appearance.

The size is very handy for use at home, as a spacious side table next to the sofa, or as a smaller coffee table in the middle.
